

4 P'S OF WINTER PREPAREDNESS

❄️ PEOPLE ❄️

Keep your family warm and check on any elderly family or neighbors that may need extra blankets, help winterizing their homes, or a warm place to stay.

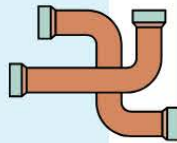

❄️ PETS ❄️

Remember, your pets get cold too! Bring your furry friends inside at night to keep them healthy and safe.

❄️ PIPES ❄️

Cover exposed pipes and exterior hose bibs to prevent freezing and breaks.

❄️ PLANTS ❄️

Either cover plants to keep them warm at night or bring them inside so they can flourish.
